Team, I am very concerned that we have 11th hour editing going on and too many chefs working on the same pot of stew.

To have version control, all edits regarding the national release for the EDNY indictment should be passed to Anela, who has the pen, for inclusion in the release.

Anela, Any time the document is edited, it should be updated with the time in the name of the title. Please confirm that Nicole has the latest version of the release and is making edits to it and not an older version.

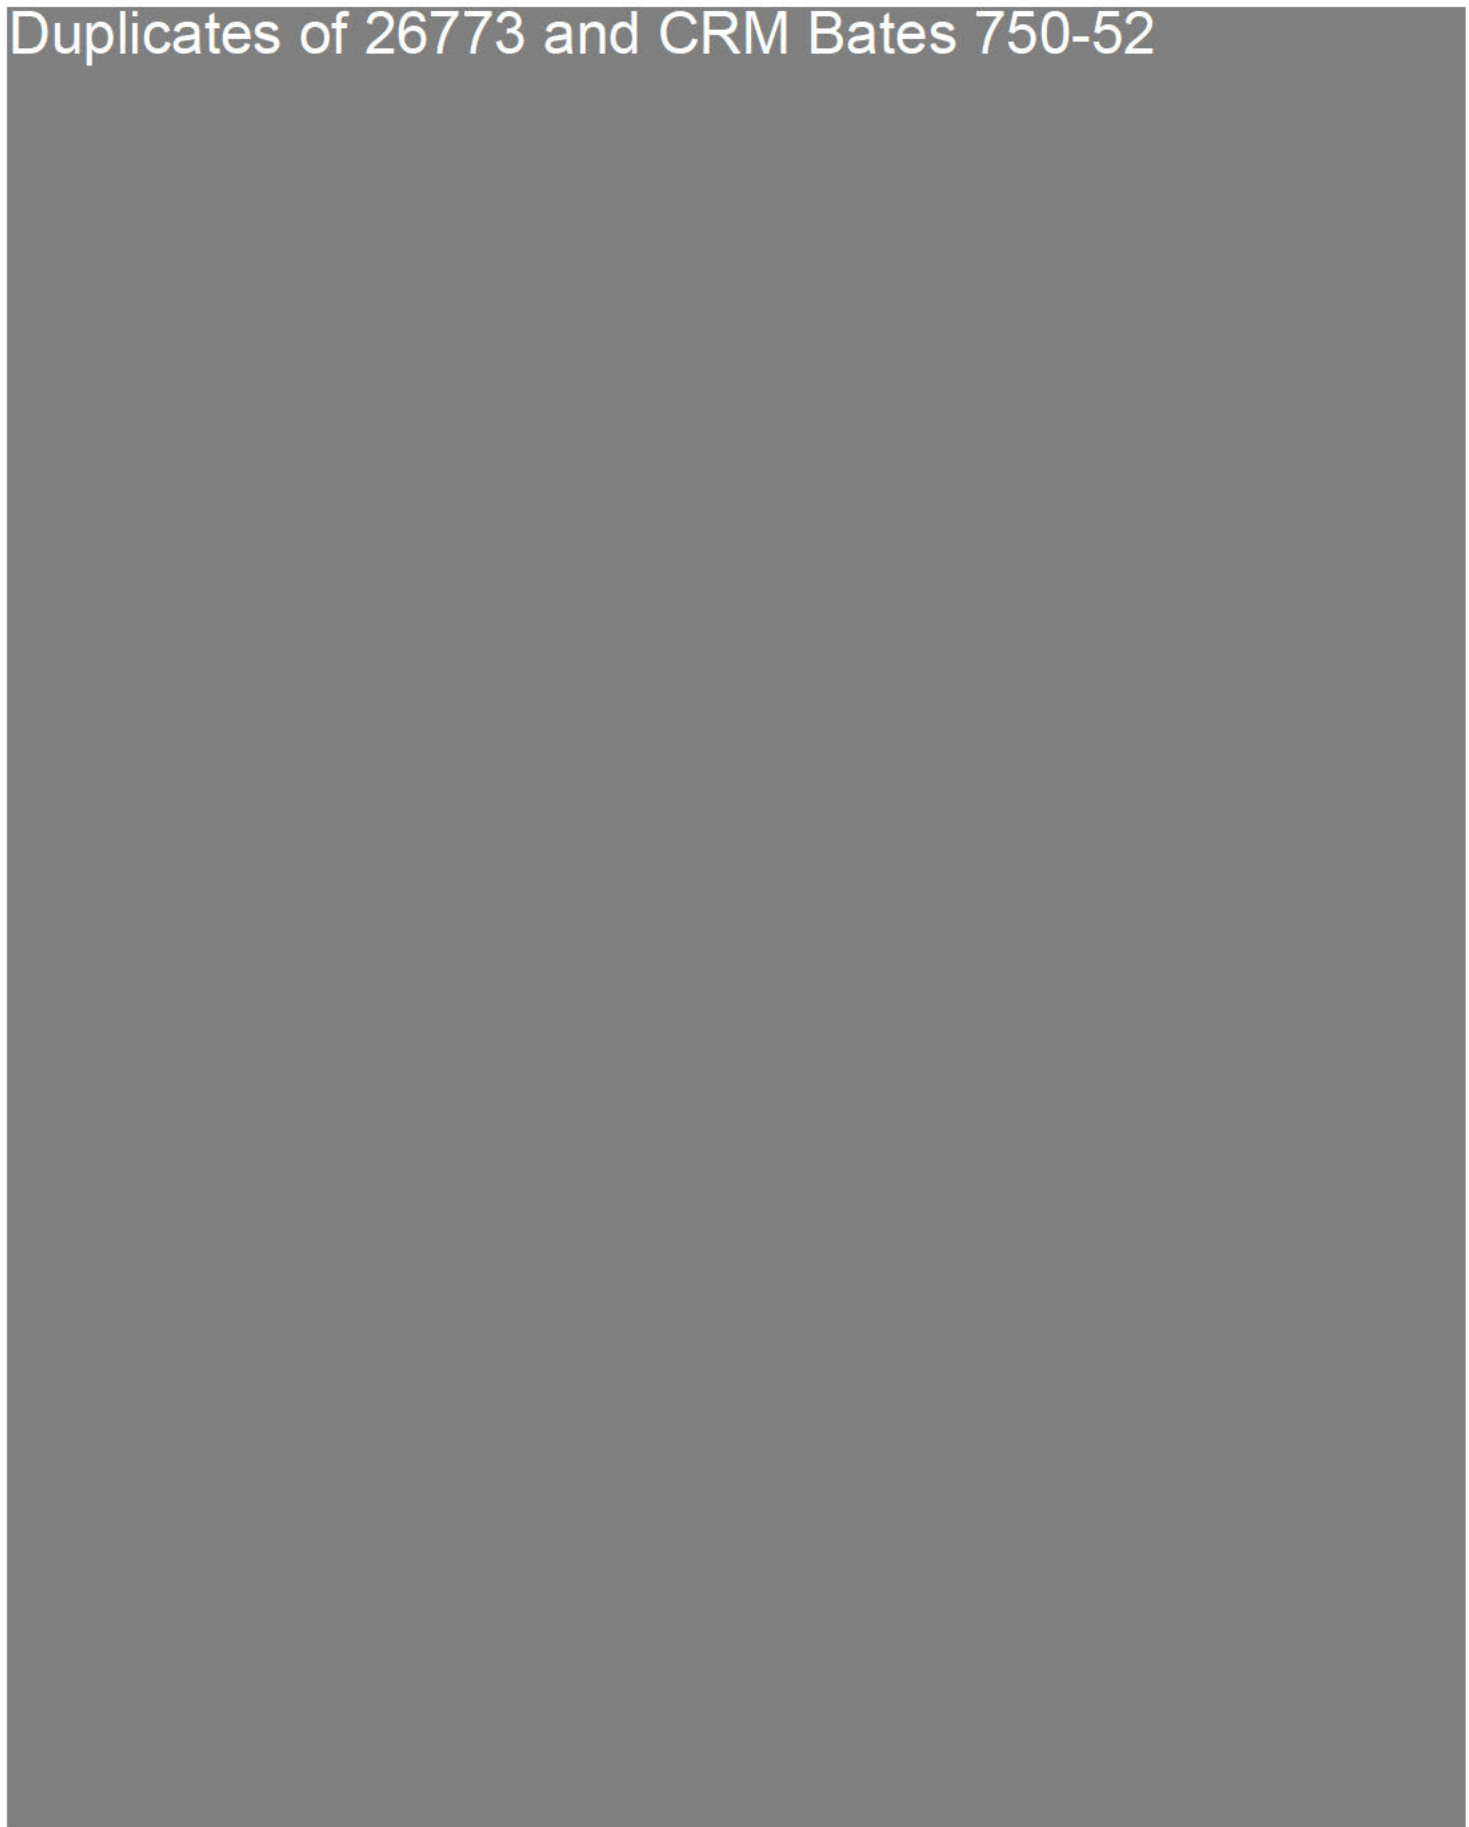

For the WDWA release, all edits should be passed to Sonya who has the pen on that one.

I would like to have all the documents in final format by 1PM so I can go over for a final quality check before printing. I appreciate your help in version control and

Thank you,
Marc

Two typos spotted:

- There is an extra comma after Whitaker in the first line of the third paragraph
- In the EDNY USA's quote paragraph at the bottom there is a stray "of" after FBI and before ICE.

When you have a moment, could you please delete any outdated versions of the EDNY PR in our shared folder?

Let's make sure we only keep the most updated version saved, that way it is as simple as possible when we ask Jeremy to issue, thanks ☺
