Tim

Thank you for sending. I had a number of edits to this, which are layered on top here. I ran out of steam at the end, where there is unfortunately a lot of DOJ-related material. I think Tamarra and Maggie need to review this in particular.

I'm concerned the ATJ paragraph makes it sound as if (b) (5)

Do you want to run it by them to make sure that we have a single set of consolidated edits?

Thanks for digging in on this. Since this only came to me off chain from Sparkle, I don't think anyone in ODAG who is handling the review is expecting OAG feedback. Is that something you want to touch base with Emily about? Based on the initial email below, it seems that she and Ashley are driving the review.

Hello,

For future use, you will find attached the components guide to starting a work package in ECATS. The golden question is, do you have rights to ECATS? If not, the next move would be to send the document to the ExecSec inbox @ DOJExecSec@usdoj.gov with a note as to why the package is being submitted that way. Please make sure to cc Quality Control @ EXECSECQualityControl@jmd.usdoj.gov ... to make sure all the appropriate parties see the package. ExecSec will handle it from there.

I hope this helps.

I apologize for not knowing the correct person to reach out to. Rachel in our office (cc'd) needs to create a new package in Exec Sec. As I've never done that & Ashley is still out, can you direct us to the right person to either help train me on how to do it or to work with Rachel directly?

" I flagged these numbers. The estimated total for USMS based on a spreadsheet that Adam created is (b) (5) including (b) (5) . However, the number of (b) (5) is dynamic.

As for BOP, I thought the number seemed (b) (5) . Karl emailed last night that additional time would be needed to verify BOP's number."

Rachel:

I believe the draft I circulated on Tuesday at 11:32PM is the latest draft. It had comment bubbles on pages 3, 9, 10, 11, 33, 36.

In the attached draft, renamed w/ today's date, I removed the comment bubbles on updates from BOP that we had been waiting for.

What remain are (1) a reminder re (b) (5) on p. 3 and (2) OLP's substantive suggestion on p. 10-11 (which can also be removed if OAG/ODAG/OASG think we needn't address them in this report).

Hi all, I'm finalizing attachments for the ExecSec package on the PATTERN Memo to send now (sorry for the delay). Should I use this draft of the AG annual report? Is there any reason we don't want to attach a report that still has comment bubbles? Thank you!

Hi, all. I just wanted to write with a quick update for the steering group meeting this morning. It should be a relatively brief meeting. We'd like to talk about (b)(5) per WHCO

I've attached a draft 1-page report outline for your consideration, (b)(5) per WHCO. (The second page of the document is just a copy of section 10 of the Executive Order, describing what we're on the hook for.) Comments and feedback and suggestions are emphatically welcome.

Yours,

Justin

Dear all,

Attached is the latest version of the FSA Annual Report that I am aware of (circulated by Julius last Thursday). It now seems quite certain that publication of the FSA Annual Report will follow the publication of the (b) (5), likely around the third week of January. A few sections of the report will need to change in light of that. I have gone through and flagged the key things that jump out at me. My recommendation would be to put folks on notice (esp. at BOP) that we'll need to make these changes. On *when* to start drafting, perhaps once the rule goes to OIRA, then BOP can start editing the time credit section (s); I think we'll end up doing the (b) (5) stuff in early January. On the global question below of whether we need to change the (b) (5) and a lot of the charts, perhaps we can ask BOP if it would be a huge lift to do that **what do you guys think?**

Sections that need to change:

- pages 10-11, (b) (5)
[redacted]
--Rachel Rossi to draft, Sara to edit/assist
- [pages 17-18 - (b) (5)
[redacted]
]
- page 19 (b) (5)
[redacted]
-- BOP to draft, Karl to edit
- page 20 will the (b) (5) be out yet?
- Pages 23-24 (b) (5)
[redacted]
-- Alix at BOP to draft,
ODAG/Sara to edit
- Page 50 -needs to be updated to reflect final rule(s)

Global question: (b) (5)
[redacted] Now that this will (b) (5), arguably (b) (5)
[redacted], and all of (b) (5) should be updated.
