Good morning! Hope you all are having a nice weekend.

Attached is an updated version of the tick tock for tomorrow. Please review and let me know your thoughts.

I'm also sharing a few edits on the press release, a media advisory, and the fact sheet.

FYSA, I will be (b) (6) today from late morning to early afternoon. I will get back online after that to clean up any edits.

Finally, I've added Kendall, Ashley, and Rayshon to the chain to track this as well.

Best,
Aryele

Hi – attached is the draft that went to leadership

Both BOP and OLP offered some final edits; I am still working thru them; Karl would then need to as well; hopefully that stuff can be finalized in a day or two.

Thank you Rachel!

As I ensure I ma tracking the latest documents, I wanted to confirm that I have the options memo (above), the BOP memo (copied here from this morning's email), and the NIJ report (copied here the expert's draft). Please confirm re NIJ.

Where do we stand on the AG Report? Is there a "semi-final" that we can add? Then I can make sure Matt and Kate have the latest.

Thanks again everyone! T

This is very helpful, Sara.

Attached is the revised memo that should incorporate all edits we've discussed, and some NIJ edits.

I think it may be useful, particularly given what you're raising here Sara, for us to indicate which of these recommendations are shorter term or more immediate actions (as opposed to the long term considerations), and which actions should be mentioned on Dec 21. I can add that as a separate exhibit if you all think it's helpful, but wanted to get this draft to you asap.

Hi all,

Just checking in on the pattern memo/potential meeting. Can we try to plan out when the memo will come to ODAG, when it would ideally go to OAG, and when a meeting would happen?

Maybe OAG should just put a meeting on the calendar and then that will drive the deliverables.

If the plan is to publish the Pattern report and FSA Annual Report by next Friday, we need to put things on calendar immediately.

Hi guys. Over to Karl. This has BOP "final" edits, OLP "final" edits, and then responses from me. There are about 6 open comments for OLP or BOP. Otherwise, I am good with all track changes shown and would recommend adopting them.

Karl, after you've gone thru, it would be great if Julius and BOP could try to help run down the few stray things.

The PATTERN final paragraphs will of course need to be adjusted in light of the PATTERN options memo.

All –

I added OLP/BOP's requested edits to the document Karl circulated. There are two outstanding items that we still need to receive from BOP.

As for the rest, I went ahead and accepted all previous edits that Sara agreed to, resolved and deleted all comments that Sara and Karl reviewed, and retained some comments that still needs to be resolved.

Thanks,

Excellent! I think we are down to just 4 outstanding things, one of which is the PATTERN discussion, which again will need to be revisited this/next week after finalization of the PATTERN decision. A second is confirming the report date for the needs assessment thing. And then there are 2 tables to update.

We are very close!

Karl, Rachel, and Tamarra: I think this version, with all comments deleted, can be shown again to principals if we believe they need to see it. Should we also share with OLA?

Hi –

As you've eagerly awaited, here's the ebinder with the following:

The cover Options Memorandum that is coming from OASG through ODAG to AOG, and three attachments –

Attachment 1, NIJ 2021 PATTERN Report;

Attachment 2, the BOP Needs Assessment System Validation; and

Attachment 3, the DRAFT AG Annual Report

I am also copying Tracy to see when the four of us could gather sometime tomorrow to discuss this material, and our approach to the presentation to the AG. We will want him to receive these documents by Friday at the latest, and we need to build in time for him to ask questions (including of the principals) as needed, and provide feedback so that feedback can be incorporated into the Annual Report. The goal is to have these documents final by December 17. People begin to slowly disappear the following week. Thanks! T

My edits attached. I did some that weren't assigned to me (always looking for extra credit). Also, as I mentioned to Emily, I don't think a WH fact sheet can mention our (b) (5). As the fact sheet itself notes, (b) (5) is critically important. Don't want to give people a misimpression by listing them here.

Subject: FOR REVIEW TONIGHT - Domestic Democracy Deliverables Fact Sheet

Hi all,

Emily and I just received the attached Fact Sheet on Domestic Democracy Deliverables for the upcoming Summit from the WH, and they have asked DOJ to review **by tonight**. We've taken an initial pass and flagged portions that DOJ should review. ODAG, we've tried to flag comments the pocs who we think should review (you should be able to ctrl+f for your name); OASG, please feel free to forward to the right poc if not included on this email.

Please let us know if you have any questions, and thanks for the quick review!

Ashley

Hi, Kate. Not sure if this is on your radar, but Sparkle let me know that ODAG and OASG are reviewing this draft fact sheet, which apparently needs to be cleared tonight. From what I can see, they are catching the issues – including, most importantly, removing specific mention of (b) (5). I understand they are continuing to make further cuts to this (including deleting some points on (b) (5) that Myesha added and I commented on below).

Thanks for passing this along. I feel like you all got the big stuff – which, as you all note, includes (b) (5). A few things jumped out at me from my quick review. The biggest concern I have is about the description of the recent hate crimes legislation (bolded below).

- Page 2: I think Mary’s edit is supposed to say “(b) (5)” but I’m not sure.
- Page 4: When discussing (b) (5), it probably makes more sense to (b) (5) and just say “(b) (5)” (instead of (b) (5)).
- Page 18: Two problems with the (b) (5) section, the first being the bigger one...
 - (b) (5)
 - The last bullet in this section on (b) (5), we should say (b) (5)
