SENATE RESOLUTION 512—RELATING TO THE EXPORT ENHANCEMENT PROGRAM

Mr. LEAHY (for Mr. MELCHER) submitted the following resolution; which was referred to the Committee on Agriculture, Nutrition, and Forestry:

S. RES. 512

SEC. 1. FINDINGS.

The Senate finds that—

(1) Since its inception in 1985, the Export Enhancement Program has made possible the sale of over \$5.6 billion worth of United States agricultural commodities, including wheat, wheat flour, barley, semolina, barley malt, sorghum, rice, poultry feed, vegetable oil, frozen poultry, dairy cattle and eggs;

(2) the Export Enhancement Program was designed to counter agricultural export subsidies from other nations, particularly the European Community;

(3) the Export Enhancement Program has been a principal factor in encouraging negotiations toward reform of international agricultural trading rules under the General Agreement on Tariffs and Trade;

(4) the Export Enhancement Program has led to increases in both sales volume and market share for U.S. agricultural commodities;

(5) the European Community and other nations have not ceased the subsidies that made the Export Enhancement Program necessary, and the European Community has begun aggressively marketing a crop of grains that is larger than last year's European crop; and

(6) supplies of grains and other commodities eligible for assistance under the Export Enhancement Program are ample despite reduced production stemming from the drought, and these supplies will both fill the domestic needs of the United States and allow continued exports without endangering the food security of the Nation.

SEC. 2. SENSE OF THE SENATE.

It is the sense of the Senate that—

(1) The Secretary of Agriculture should continue to administer the Export Enhancement Program in an aggressive manner in order to maintain United States agricultural exports and encourage trade concessions by the European Community and other countries; and

(2) commodities and/or funds should be made available for use in the Export Enhancement Program in an amount sufficient to continue the effective operation of the program, utilizing the full range of statutory authorities available to the Secretary.

● Mr. LEAHY. Mr. President, on behalf of Senator MELCHER, I request that a Senate resolution related to the value of the Export Enhancement Program be submitted.●

SENATE RESOLUTION 514—RELATIVE TO VOLUNTARY SUPERVISORY CONVERSIONS OF MUTUAL SAVINGS AND LOAN ASSOCIATIONS TO STOCK FORMS OF ORGANIZATION

Mr. BYRD (for Mr. SHELBY, for himself, and Mr. HEFLIN) submitted the following resolution; which was considered and agreed to:

S. RES. 514

Whereas, under existing Federal Home Loan Bank Board regulations, a Federal savings and loan association's liabilities must exceed its assets, as calculated under generally accepted accounting principles on a going concern basis, in order to convert from a mutual form of organization to a stock form of organization through a voluntary supervisory conversion;

Whereas, under such an accounting standard, the value of an institution's interest in publicly trade stock is the lower of market value or cost;

Whereas, certain institutions hold participating preferred stock of the Federal Home Loan Mortgage Corporation ("Corporation");

Whereas, such stock has appreciated in-market value as a result of recent legislative actions and board action of the Corporation;

Whereas, such market appreciation under generally accepted accounting principles is not reflected on the books of such institutions;

Whereas, the Federal Home Loan Bank Board regulations with respect to voluntary supervisory conversions state that institutions which are insolvent under generally accepted accounting principles are eligible for conversion; now therefore be it

Resolved by the Senate of the United States of America, That it is the sense of this body that an institution which is insolvent according to generally accepted accounting principles, should be permitted to convert through a voluntary supervisory conversion without regard to any factors relating to the appreciation in market value of the participating preferred stock of the Federal Home Loan Mortgage Corporation.
