

the Record a resolution which was recently adopted by the Berkshire Joint Board, Textile Workers Union of America, AFL-CIO, urging the early enactment of the area redevelopment bill.

Berkshire County in Massachusetts has a number of towns and cities which have experienced a high level of unemployment over a period of several years. It is in areas of this character that the area redevelopment bill would be specially helpful.

There being no objection, the resolution was ordered to be printed in the Record, as follows:

**RESOLUTION ON AREA REDEVELOPMENT  
LEGISLATION**

The problem of chronic unemployment will persist with us even if the level of national unemployment declines. There are more than 200 labor markets with substantial labor surpluses which means that more than 6 percent of the labor force are unemployed in these areas. In 121 major and smaller labor markets, unemployment in excess of 6 percent has lasted for more than 18 consecutive months. Continued unemployment has brought great human distress representing a drain on the resources of the individuals, their families, and the communities.

In most of these areas the long-term unemployment is due to the fact that the older industries have shrunk in size, or closed, or employment in the established plants has been reduced by automation and technological change. New industries and employment have not appeared in sufficient volume, if at all, to absorb the present employees and the new entrants into the labor force.

The Adams-North Adams area, as well as the Pittsfield, Mass., area, have been distressed for many months. The latest report on unemployment shows 14.4 percent unemployed in the Adams-North Adams area and 6.6 percent unemployed in the Pittsfield area. Our communities need the benefits which would be provided for under the area redevelopment bill now being considered by the House of Representatives.

The American people are committed to maintaining an economy which assures maximum employment, production and purchasing power. Only by assuring jobs for these people can we assure the realization of this goal.

We are now helping foreign distressed and underdeveloped areas through our foreign aid program; these same principles should be implemented in this country: Therefore be it

*Resolved*, That we, the Berkshire Joint Board, Textile Workers Union of America, AFL-CIO, urge upon the Congress of the United States that it pass the area redevelopment bill S. 722 (House version) and that the President of the United States sign this bill.
