		Not Previously F									
DOJ	CRT	Coordination Regulation	1190-AA70	The coordination regulations applicable to title VI of the Civil Rights Act, 28 CFR 42.401 to 42.415, have not been revised for more than 30 years. These regulations govern Federal agency enforcement of title VI. The Department proposes updating these regulations to revise outdated provisions and streamline procedural steps. Changes would address procedural requirements intended to improve the Department's ability to fulfill its coordination and oversight function under Executive Order 12250. Changes also would address amendments to title VI found in the Civil Rights Restoration Act of 1987, which added definitions of "program or activity" and "program" to restore their broad meaning and application. The Department is also considering streamlining and clarifying various other provisions affecting inter-agency coordination as well as including incorporation of current law regarding meaningful access for individuals who are limited English proficient.	Under development	FY 2016 (NPRM)	No	No	N/A	Public comments	TBD
DOJ	CRT	Revision of Standards and Procedures for the Enforcement of Section 274B of the Immigration and Nationality Act	1190-AA71	The Department of Justice proposes to revise regulations implementing section 274B of the Immigration and Nationality Act and to reflect the new name of the office within the Department charged with enforcing this statute. The proposed revisions conform the regulations to the statutory text as amended, simplify and add definitions of statutory terms, update and clarify the procedures for filing and processing charges of discrimination, ensure effective investigations of unfair immigration-related employment practices, and update outdated references.	Under Development	NPRM pub. 1/2016.	No	No	N/A	Public comments and economic analysis	\$12.3 million economic impact

DOJ	OJP	Victims of Crime Act (VOCA) Crime Victim Assistance Program Regulations	1121-AA69	This rule is a priority to OJP and the Office for Victims of Crime (OVC) because certain key provisions of the existing Guidelines have been superseded by statutory changes, and by advances in technology and practices in the victim services field. Crime victim service organizations nationwide have requested for many years that OVC update the Guidelines. It is even more critical in FY15 that the Guidelines be updated, given the dramatic increase in funding for VOCA Assistance, and the additional flexibility the rule would afford to States to use VOCA funding in innovative, victim-serving ways, and to more effectively monitor the increased funding.	Ongoing	FINAL: 4/2016	No	No	N/A	Public Comment	TBD
DOJ	OJP	Office of Juvenile Justice and Delinquency Prevention Formula Grant Program Regulations	1121-AA83	This rule is a priority because the current regulations are outdated as a result of subsequent amendments to the Juvenile Justice and Delinquency Prevention Act (JJDPA). The OJJDP formula program distributes millions of dollars of funding to States for juvenile justice initiatives, and the receipt of this funding is contingent upon State compliance with the JJDPA, as implemented by the regulations. Bringing the regulations into conformity with the JJDPA is critical to ensure that the standards for compliance are clear, so that States can effectively and efficiently achieve full compliance with federal law for the benefit of children served by the formula funding, and so that OJJDP can effectively monitor and enforce compliance. OJP anticipates that there may be significant pressure to advance this rule in 2016 from Congress and stakeholders in the juvenile justice field.	Ongoing	NPRM: 2/2016	No	No	N/A	Public Comment	TBD

DOJ	EOIR	List of Pro Bono Legal Service Providers for Aliens in Immigration Proceedings	1125-AA62	This rule proposes to amend 8 CFR part 1003 by changing the name of the "List of Free Legal Services Providers" to the "List of Pro Bono Legal Service Providers." The rule would also enhance the eligibility requirements for organizations, private attorneys, and referral services to be included on the List of Pro Bono Legal Service Providers. The proposed rule published on 09/17/14, at 79 FR 55662. The final rule published on 10/01/15, at 80 FR 59503. EOIR also created a new voluntary information collection instrument (Form EOIR-56) to assist applicants seeking to be included on the List and applicants renewing their requests to remain on the List.	Ongoing	Final Rule published 10/01/15	Streamlined requirements	No	N/A	Public comments	This proposed rule will enhance the eligibility requirements for organizations, private attorneys, and referral services to be included on the List of Pro Bono Legal Service Providers (List). The List is central to EOIR's efforts to improve the amount and quality of representation before its adjudicators, and it is an essential tool to inform aliens in proceedings before EOIR of available pro bono legal services.
DOJ	EOIR	Retrospective Regulatory Review Under E.O. 13563 of 8 CFR Parts 1003, 1103, 1211, 1212, 1215, 1216, 1235	1125-AA71	Advance notice of future rulemaking concerning appeals of DHS decisions (8 C.F.R. part 1103), documentary requirements for aliens (8 C.F.R. parts 1211 and 1212), control of aliens departing from the United States (8 C.F.R. part 1215), procedures governing conditional permanent resident status (8 C.F.R. part 1216), and inspection of individuals applying for admission to the United States (8 C.F.R. part 1235). The ANPRM was published on 9/28/2012. The comment period closed on 11/27/2012. EOIR is currently in the process of reviewing the comments received and drafting two follow-up NPRMs.	Ongoing	2016		No	N/A	Public comments.	TBD
DOJ	EOIR	Separate Representation for Custody and Bond Proceedings	1125- AA78	This rule would amend the Executive Office for Immigration Review (EOIR) regulations relating to the representation of aliens in custody and bond proceedings by allowing a representative to enter an appearance in custody and bond proceedings before EOIR without committing to appear on behalf of the alien for all proceedings before the Immigration Court. The proposed rule was published on 09/17/14, at 79 FR 55659. The final rule published on 10/01/15, at 80 FR 59503. EOIR also created a new voluntary information collection instrument (Form EOIR-56) to assist applicants seeking to be included on the List and applicants renewing their requests to remain on the List.	Ongoing	Final Rule published 10/01/15		No	N/A	Public comments.	This rule will enhance representation of detained aliens by making it easier for aliens who may not be able to afford to hire an attorney for all of their proceedings before the Immigration Court to at least be able to be represented during their custody and bond proceedings. The Department anticipates that this rule will also have a positive economic effect because increasing the number of aliens who are represented in their custody and bond proceedings will enable immigration judges to adjudicate proceedings in a more effective and timely manner.

DOJ	OJP	Public Safety	TBD	These two related rules are a priority because	Under	NPRM pub.	No	No	N/A	Public comments	TBD
		Officers' Benefits		certain key provisions of the PSOB rule have	Development	4/2016.					
		(PSOB) Program		been superseded by statutory change, a need							
				exists to improve the overall efficiency of the							
				program, and the last significant update to the							
				rules was in 2008. The first rule would be							
				relatively short and would update the existing							
				regulation to address issues related to injuries							
				and deaths of public safety officers asserted to							
				have been caused by 9/11 services, and offset							
				issues with the 9/11 Victim Compensation							
				Fund. The second rule would be a more							
				comprehensive update of the PSOB regulation.							
				These revisions are necessary as a result of							
				significant changes to the Program following							
				the enactment of the Dale Long Public Safety							
				Officers' Benefits Improvements Act of 2012							
				(signed into law in January 2013), as well as							
				recommendations from an OIG Audit finalized							
				in July 2015, and other internal reviews that							
				identified the need to streamline the claims							
				review process to reduce delays and increase							
				transparency.

DOJ	CRT	Proposed eCollection; Electronic Submission of Americans with Disabilities Act Discrimination Complaint Form	1190-0009	The Civil Rights Division is seeking extension of a currently approved information collection that is used by persons alleging discrimination on the basis of disability by public entities. Individuals will now be able to complete the form online and submit it electronically.	. Completed	OMB approved on 07/09/2015. The expiration date is 07/31/2018.	No	No	N/A	el pa ch Th gs kr su us w pa th es cc tc tt to re 0.	stimated 2275 hours iminated in apperwork/reporting with hange to electronic form. The projected savings to the overnment is not yet hown. Individuals ubmitting ADA complaints sing the electronic form ill no longer need to mail apper copies of the form to be Department. It is stimated that 9,100 complaint forms will be completed each year and that it will take 0.50 hours to complete the form for a part of 4,550 hours. This presents a reduction of 25 hours per form over the time estimated in 2011 or the paper form.

savings to the government is not yet known. There are 25,627 annual submissions of this form; as this form requires submission of documentary evidence, EOIR estimates that the majority of respondents file this form in person at the immigration court. EOIR conservatively estimates that 20% of these annual respondents, or 5,125.4,
would file this form electronically, resulting in aggregate cost savings to the public of \$2,306.43 savings in postage and \$6,663.02 savings in printing costs. 1,920 hours of
paperwork/reporting eliminated. The projected savings to the government is not yet known. There are 19,201 annual submissions of this form; as this form is a notice of appeal that must be filed with the Board of Immigration Appeals, located in Falls Church, VA, EOIR estimates that the majority of respondents file this form using the postal service. EOIR conservatively estimates that 90% of these annual respondents, or 17,280.9, would file this form electronically, resulting in aggregate cost savings to the public of \$7,776.41 savings in postage and \$10,368.54

DOJ	EOIR	Electronic Submission of Fee Waiver Request Form (Form EOIR- 26A)	1125-0003	The information on the fee waiver request form is used by the Board of Immigration Appeals to determine whether the requisite fee for a motion or appeal will be waived due to an individual's financial situation.	Ongoing	FY 2017			1,194 hours of paperwork/reporting eliminated. The projected savings to the government is not yet known. There are 5,970 annual submissions of
									this form; as this form is a notice of appeal that must be filed with the Board of Immigration Appeals, located in Falls Church, VA, EOIR estimates that the majority of respondents file this form using the postal
									service. EOIR conservatively estimates that 90% of these annual respondents, or 5,373, would file this form electronically, resulting in aggregate cost savings to the public of \$2,417.85 savings in postage and \$537.30 savings in printing
DOJ	EOIR	Electronic Submission of Request for Recognition of a Non- profit Religious, Charitable, Social Service, or Similar Organization (Form EOIR-31)	1125-0012	This information collection is necessary to determine whether the organization meets the regulatory and relevant case law requirements for recognition by the Board as a legal service provider, which then would allow its designated representative or representatives to seek full or partial accreditation to practice before EOIR and/or the Department of Homeland Security.	Ongoing	FY 2017			costs. 44 hours of paperwork/reporting eliminated. The projected savings to the government is not yet known. There are 105 annual submissions of this form; as this form is a request for recognition that must be filed with the Board of Immigration Appeals, located in Falls Church, VA, EOIR estimates that the majority of respondents file this form using the postal service. EOIR conservatively estimates that 90% of these annual respondents, or 94.5, would file this form electronically, resulting in aggregate cost savings to the public of \$42.53 savings in postage and \$28.35 savings in printing costs.

Executive Order 13659, "Streamlining the Export/Import Process for America's Businesses," provided new directives for agencies to improve the technologies, policies, and other controls governing the movement of goods across our national borders. This includes additional steps to implement the International Trade Data System as an electronic information exchange capability, or "single window," through which businesses will transmit data required by participating agencies for the importation or exportation or exportation or exportation or exportation.

At the Department of Justice, stakeholders must obtain pre-import and pre-export authorizations from the Drug Enforcement Administration (DEA) (relating to controlled substances and listed chemicals), or from the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) (relating to firearms, ammunition, and explosives). The ITDS "single window" will work in conjunction with these pre-import and pre-export authorizations.

The pre-import/export requests for both agencies occur before the goods are at the border or port of entry, thus allowing adequate time for the respective agency to review the request and pertinent data relating to the request, and

contact interested parties and/or foreign counterparts on the stakeholder's request. Stakeholders seeking to import or export commodities regulated by these agencies will continue to utilize the established application process at each agency. DEA has electronic filing systems for most import and export authorizations, and ATF allows optional electronic filing for import and export authorizations. DEA and ATF systems then supply, by batch, license and permit information to CBP to facilitate validation of licenses and permits for imported or exported goods at the border.
