<sup>1/</sup> This chart generally references the authorizations of appropriations, not the Acts authorizing operation of specific programs.

<sup>2/</sup> The amount is subject to negotiation between the Attorney General and Secretary for Health and Human Services.

<sup>3/</sup> Number includes total appropriation, including \$4 million transfer from DHS Immigration Examinations Fee. Additionally, as complement to the FY 2023 Request, which includes new legal representation grant resources, is an authorizing proposal for \$4.5 billion in mandatory resources to expand these efforts over a 10-year period.

<sup>4/</sup> The National Security Division was established by Section 506(b)(1), P.L. 109-177, and received appropriations in FY 2007 - 2022. However, there have not been any authorizations of appropriations for the National Security Division.

<sup>5/</sup> Title II of the James Zadroga 9/11 Health and Compensation Act of 2010 (P.L. 111–347) reopened the September 11th Victim Compensation Fund (9/11 VCF), extending eligibility for compensation associated with physical harm stemming from debris removal and extending the deadline for claims associated with harms not discovered before the Fund's original deadline. The 9/11 VCF was established by Public Law 107–42 as an alternative to litigation, and had terminated operations in 2004. Public Law 111-347 reopened the 9/11 VCF and made \$2.775 billion available for the settlement of claim determinations issued on or before December 17, 2015. After all claims in this group were resolved, roughly all remaining funds (\$813 million) became available in the new Victims Compensation Fund, cited on the next line/footnote.

<sup>6/</sup> Starting in FY 2022, the USTP estimate of receipts will no longer be included, due to the January 2021 enactment of the Bankruptcy Administration Improvement Act, Pub. L. No. 116-325.
