Part I: Summary Information And Justification (All Capital Assets)**

1. Date of Submission: February 28, 2014
2. Agency: Department of Justice
3. Bureau: Bureau of Prisons (BOP)
4. Name of Investment: USP North Central, Pekin, IL
5. Justification for Investment:

U.S. Penitentiary (USP) North Central Region/Pekin, IL will be designed as a 960 bed high security prison with a 256 bed work camp (minimum security). The project will be awarded as a design/build project using a negotiated procurement which allows contractors input on all aspects of the project. USP North Central Region/Pekin received partial site and planning funds in FY 2002. An estimated construction completion date cannot be determined for this project, due to uncertainty of future funds and insufficient available resources.

This investment will provide a Federal correctional facility which directly supports the BOP's mission to protect society by confining offenders in the controlled environments of prisons and community-based facilities that are safe, humane, cost-efficient, and appropriately secure, and that provide work and other self-improvement opportunities to assist offenders in becoming law-abiding citizens. It supports the Department of Justice Strategic Goal 3: Ensure and Support the Fair, Impartial, Efficient, and Transparent Administration of Justice at the Federal, State, Local, Tribal and International Levels.
